SCAVENGER HUNT FOR ROCHESTER HEROES

Did you know we are getting a State Park in High Falls? We want our individual stories and history to be part of the design of this new Urban State Park. Greentopia asked area artists to reinterpret 32 "Rochester Heroes", an exhibit of pressboard historic figure silhouettes that Greentopia rescued when the City was closing the High Falls Visitor Center. Some of the artists used the original character as a template for another more recent "Rochester Hero". The Rochester Heroes and their artists will also appear in a book that will document the project, but you can participate in a hunt of Monroe County Libraries to find these "Rochester Heroes" and win a chance at a park t-shirt or a copy of the book.

BID on Your Favorite Rochester Hero

Each figure has a QR code that takes you to a brief synopsis of the artist and the history of the character they painted. You are able to bid on these figures and take home a colorful piece of Rochester history. All proceeds go to support Greentopia's Green Visions Workforce Development program <https://greenvisions.org/> and to close the gap on the costs of remodeling of our new training center at 188 Whitney.
